

1 inch = 1,500 feet

- Project Features**
- Study Area Boundary
 - Alternation Cut-in Location
 - Preliminary Alternative Segment, Node, & Label
 - Proposed Alternative Substation Site
 - 310ft Notification Zone

- Existing Utility Features**
- Existing Substation
 - 138 kV Transmission Line
 - 230 kV Transmission Line
 - 345 kV Transmission Line
 - Distribution Power Line
 - Oil / Gas Well
 - Oil / Gas Pipeline

- Land Use Features**
- Cemetery
 - Church
 - School
 - Habitable Structure within 310 feet of the Proposed Centerline
 - Water Well
 - Official Texas Historical Marker
 - Communication Tower
 - SH249 Right-of-Way (Under Construction)

- Transportation Features**
- State Highway
 - Farm to Market Road
 - County/Local Road
 - Railroad
 - Private Airstrip and Runway

- Administrative Features**
- Parcel Boundary
 - County Boundary

- Hydrological Features**
- River / Stream
 - Waterbody
 - FEMA 100 Year Floodplain
 - Freshwater Emergent Wetland
 - Freshwater Forested/Shrub Wetland

Notes:

- Some data layers obtained from third party sources, including pipeline, railroad, and oil/gas well sites, may be inaccurate to varying degrees. This data has not been corrected in all locations and should be used as a general guide to feature locations. However, preliminary transmission line segments were digitized based on aerial interpretation of these features.
- Some segment locations are exaggerated to better identify paralleling opportunities.
- Some legend symbols are enlarged for easier identification.
- Base Map: USA Topographic Map

Preliminary and Subject to Change

All routes and route segments included in this notice are available for selection and approval by the Public Utility Commission of Texas.

If approved, only one route will ultimately be selected by the Public Utility Commission of Texas.
