

Project Features

- Project Station
- Preliminary Alternative Segments, Nodes, and Labels
- Preliminary Alternative Segment Utilizing Existing Transmission Line ROW
- Preliminary Alternative Segment Utilizing Existing Distribution Line ROW

Existing Utilities

- Existing Substation
- Existing 138kV Transmission Line
- Existing 230kV Transmission Line
- Existing Distribution Line

Existing Land Use Features

- School
- Place of Worship
- Communication Tower
- Water Well
- Oil / Gas Well
- Oil / Gas Pipeline

Transportation Features

- Private Airstrip
- Heliport
- US Highway
- State Highway
- FM Road
- County / Local Road
- Railroad

Hydrologic Features

- NHD River / Stream
- NHD Waterbody
- FEMA Flood Hazard
- NWI Mapped Wetland
- PEM Wetland
- PFO / PSS Wetland

Cultural Features

- Cemetery

Administrative Boundaries

- Parcel Boundary
- Damuth Sanctuary
- Sam Houston National Forest
- County Boundary

If approved, only one route (consisting of multiple route segments) from the Southline Substation to Jacinto Substation will be selected by the Public Utility Commission of Texas (PUCT).
 All routes and route segments in this notice are available for selection and approval by the PUCT.
 Note: Some cultural resource data are not shown on this map as these data are not to be reproduced, distributed, or released to the public.
 Some data layers including property boundaries, pipelines, railroads, and oil/gas well sites obtained from third party sources are inaccurate to varying degrees. These data have not been corrected and should be used as a general guide to feature locations only.
 Digitization of initial preliminary transmission line segments was performed based on aerial interpretation of these features.
 Some legend symbols are enlarged for easier identification.
 Once an alternative route is selected and approved by the Commission, the represented centerline is subject to modification after access has been granted and on the ground surveys have been completed to identify unknown constraints or the extent of known constraints.
