

WAPAKONETA

AREA IMPROVEMENTS PROJECT

An AEP Company

BOUNDLESS ENERGY™

AEP Ohio officials plan to strengthen the electric transmission system in Auglaize County and provide an additional source of power to Wapakoneta. This project will support economic development and improve electric service reliability.

WHAT

The project involves:

- Building approximately 15 miles of new power line
- Building the Gristmill and Gemini substations
- Upgrading the West Moulton Substation
- This project requires Ohio Power Siting Board (OPSB) approval

WHY

The improvements:

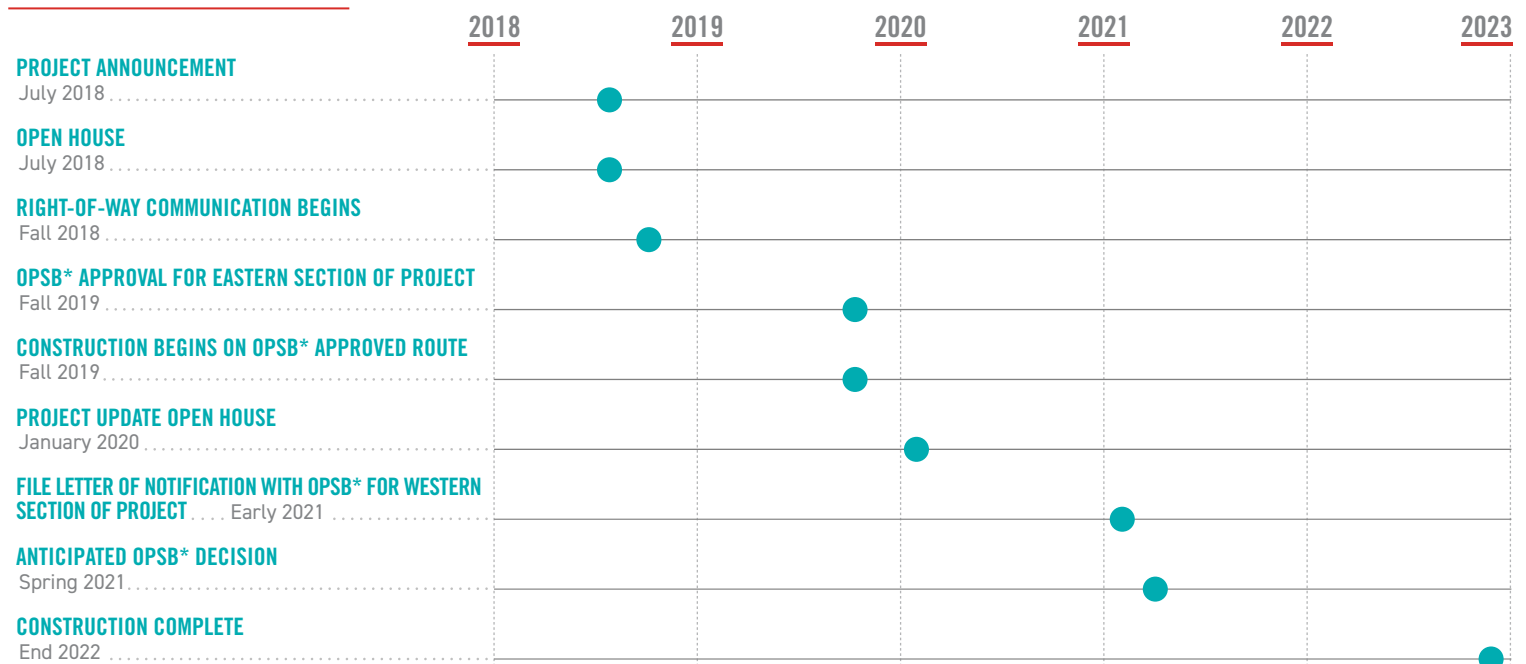

- Provide an additional power source
- Support economic development
- Increase electric service reliability

WHERE

The project area includes:

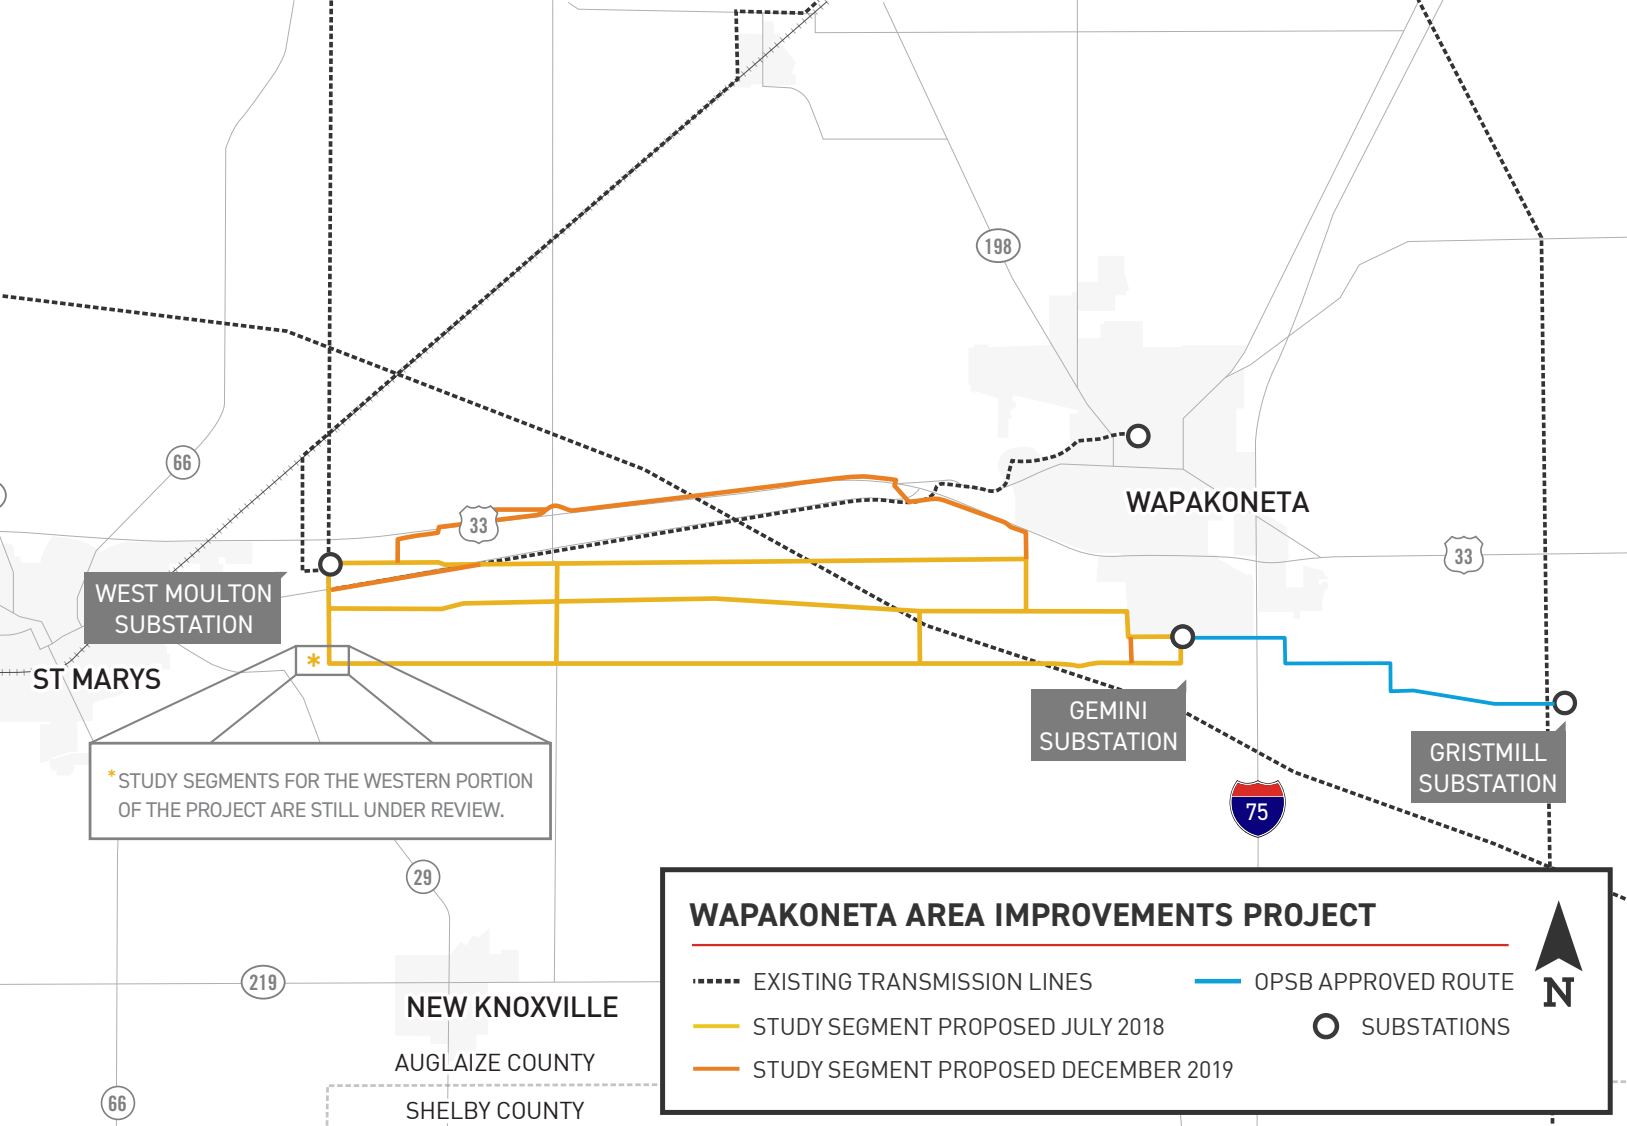

- City of Wapakoneta
- Pusheta, Washington, St. Marys, Duchouquet and Moulton townships in Auglaize County

PROJECT SCHEDULE

*Ohio Power Siting Board (OPSB)

*Timeline is preliminary and subject to change

TYPICAL STRUCTURES

The proposed project will use steel, single-pole structures estimated to be about 90-feet tall. The structures will be constructed in an approximate 100-foot wide right-of-way corridor.

Structure Height: **Approximately 90 feet**

Right-of-Way Width: **Approximately 100 feet**

*Exact structure, height and right-of-way requirements may vary
